Air Quality Forecast for the UK

Issued by the Met Office

Today: As wet and windy weather spreads across the UK today so it will maintain Low levels of air pollution.

Tomorrow: Low levels of air pollution are expected to persist across the UK during Sunday.

Outlook: Predominantly Low levels of air pollution are expected across the UK. However, as dry weather conditions with light winds develop so there is an increasing chance of localised Moderate levels of air pollution forming, these most likely in and near urban areas.
